EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The following changes have been made in the subject of the application to put the claims in a condition for allowance.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Margo Scott on 9/20/2005.

CLAIMS

In claim 1:

Line 8, inserted --responsive to said control signal—after “voltage”.

In claim 14:

Under line 2, inserted --connecting a capacitor to an oscillator;--

Line 3, replaced “providing . . . element” with --connecting said capacitor to a first switch element at a first node--.

Line 4, replaced “a first” with --said first--.

Line 5, replaced “the first” with --second—and “capacitor” with --first switch--.

Line 6, inserted -- responsive to said control signal—after “voltage”.

In claim 27:

Line 6, inserted --responsive to said control signal—after “voltage”.

REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

Art Unit: 2816

The applicant's amendment filed 8/31/05 overcame the technical deficiencies and the prior art rejection. Claims 1-38 are allowed because the prior art of record does not suggest "the capacitor coupled to an oscillator" and "the charge circuit coupled to the first node for coupling the first node to a third node being at a predetermined charge voltage responsive to said control signal" as combined in claims 1, 14 and 27 and 27; and "a positive side capacitor" and "a negative side capacitor" as combined in claims 7, 20 and 32.

CONCLUSION

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DINH T. LE whose telephone number is (571) 272-1745. The examiner can normally be reached on Monday-Friday (8AM-7PM).
